"Pals" With His Daddy.

The other evening I had company, and of course my small brother had to be on hand, and as usual was tormenting me. After so long a time, I said, "If you don't behave I will send you in to papa," and as he always has an answer for everything, I was not surprised to hear him say, "Well, I'm not afraid of dad, 'cause we are old pals."—Chicago Tribune.

Soldering Aluminum.

French manufacturers are the most successful in use of aluminum solder. They use it in proportions as follows: Zinc, 80 parts; copper, 8 parts; aluminum, 12 parts. For soldering aluminum by means of the ordinary soldering iron, 95 to 99 parts of tin are recommended to 5 to 8 parts of bismuth, which makes an ordinary soft solder.
